## CLB-24

**Long life LED luminaire with lower power consumption and heat than those of conventional fluorescent lamp.**

- High illuminance of 300lx at 50cm in compact body
- Super bright white LEDs provide maintenance free, long service life with lower consumption and heat
- Rated voltage: DC 24V (No Polarity)
- Illuminance: 300lx at 50cm
- Housing is made of heat and shock resistant polycarbonate
- Color available in White

| Model                   | CLB-24N-C                        |
|-------------------------|----------------------------------|
| Lens Color              | Clear                            |
| Rated Voltage           | DC24V (No Polarity)              |
| Rated Power Consumption | 6.5W                             |
| Operating Voltage Range | Rated Voltage $\pm 1V$           |
| Rated Temperature Range | $-30^{\circ}C \sim +60^{\circ}C$ |
| Housing Material        | Polycarbonate                    |
| Protection Rating       | IP42                             |
| Illuminance             | 300lx at 50cm                    |
| Mounting Direction      | Upright, Sideways and Downward   |
| Vibration Resistance    | $19.6m/s^2$                      |
| Weight                  | $87g \pm 5.0g$                   |
| Agency Approval         | CE / RoHS                        |
